Cristian-Florin Calina

Curriculum Vitae

Experience

2020–Present **Senior Software Engineer**, UiPath, Bucharest.
Working on a front-end application using Angular and RxJS.

Worked with:
Angular (with Angular Material), RxJS, Jira, Git

2019–2021 **Senior Software Engineer**, Arnia Software, Bucharest.
Worked on multiple projects, which implied roles such as: Senior Frontend Engineer, SCRUM Master, Mentor and Team Leader.

Worked with:
React (including NextJS, Redux), Vue (including VueX), GraphQL, NodeJS (Express), MongoDB, Jira, Trello, Git

2017–2018 **Software Engineer**, DB Global Technology S.R.L., Bucharest.
Worked on the front-end of a real-time data application using React and Redux. Also participated in different hackathons where I've learnt React Native.

I've also held technical interviews for frontend positions, trainings for students learning Jest, React and Redux in DB Tech School 2018, prepared some courses to present to the backend developers that wanted to learn Javascript.

Worked with:
React, React Native, Redux, Websockets, Jira, Git

2017–2017 **Software Engineer**, S.C. Luxoft Professional Romania S.R.L., Bucharest.
Worked on a front-end application responsible with network devices configurations.

Worked with:
ExtJS, SVN, Java

2015-2017 **Software Developer**, S.C. GTS Global Intelligence S.R.L., Bucharest.
Initially joined as an intern for 3 months, where I learned the basics of JavaScript, HTML5, CSS3 and Meteor Framework. After internship, I worked on a multi-tenant SaaS application using Meteor 1.4 with React.

Worked with:
React, Meteor, Blaze, Trello, Git

Education

2013-2017 **Bachelor of Computer Science**, *Politehnica University of Bucharest*, Bucharest, *Projects can be found on my GitHub page (https://github.com/CalinaCristian)* .
